Club Policy Handbook

Preface

The Vihang Club Policy Book serves as the foundational framework for maintaining consistency, transparency, and professionalism in all operations of the Vihang Club. It outlines the standards and procedures that guide the recruitment of new members, governance of ongoing activities, and responsible management of club resources.

These policies are designed not merely as rules, but as guiding principles that ensure Vihang continues to uphold its core vision — to cultivate innovation, discipline, and teamwork among its members while promoting hands-on learning and technological excellence.

Every student, member, and team lead is expected to understand and comply with these policies to ensure smooth functioning and to maintain the integrity of the club.

This document is reviewed periodically by the Core Team and the Faculty Advisor to ensure that all policies remain relevant and aligned with the club's objectives and institutional standards.
